Transforming the Future of Public Health in Missouri

Steering Committee Meeting November 8, 2017

Those in attendance were: Robert Niezgoda, Jo Anderson, Bert Malone, Linda Cooperstock, Dalen Duitsman, Audrey Gough, Diane Weber, Dennis Diehl, Casey Parnell, Jaci McReynolds and Abi Padgett.

Discussion Items

The two representatives of the Foundations were not on the call. Another session will be scheduled for November.

Website: Jaci had sent a link to the new website to the committee. There were discussion about some minor changes to the photos, language and structure. Photos are all free for public use. Current Situation page was discussed and revised. Opportunity to Improve page was discussed and revised. Your Stories was discussed and revised. Initiative Update was reviewed and revised. Jaci will make all revisions and post the site for public viewing (after review by the foundations). Casey reported that other states websites do not compare with Missouri's.

Stakeholder Prioritization Tool: Casey reported that she had heard from five on this tool – comments made were inviting all from submitted lists and target specific individuals to guarantee their attendance, individuals that will be most affected. Whether or not one representative from each local public health agency will be invited. How many from the affected organizations and how many from the public and private sectors. Casey will send out a document on how to select seats for the Stakeholders meeting with how to limit numbers.

Facilitators: No proposals were received as the 8th of November. Deadline is November 10. (NOTE: two proposals were received by the deadline).

Next phone conference call: Change call from Wednesday, November 22 to Monday, November 20 with time to be determined. However, it was suggested that we guarantee that the representatives from the Foundations be informed about the website, etc. before going live.

Dates for upcoming conference calls are,
